*1 Depends on the battery voltage range of storage inverter, start with three battery modules for SPH/SPA 4000-10000TL3 BH.

*2 Include BMS controller

*3 Floor installation requires extra base (W/D/H=610/250/170 mm)

*4 The performance will be limited when the temperature is below 0°C

*ARK series battery has an EU model and a General model, the storage inverters sold in European countries only work with EU model ARK battery.
