1. LIMITED WARRANTY

1.1. Warranty Start Date

Generally, Warranty Start Date is the first day after six (6) months from the Production Date of the Product (**Refer to the Appendix of this Limited Warranty to find out the Production Date**). But if Original Buyer can provide the written documents (such as receiving note) to prove the time when Product is delivered to the installation site where the Product is installed and operated for the first time (“Delivery Date”), Original Buyer can choose the first day after thirty (30) days from the above Delivery Date as Warranty Start Date.

1.2. Limited Product Warranty

BYD warrants that the Product will be free from defects in materials or workmanship for ten (10) years from Warranty Start Date, subject to the exclusions and limitations set out below.

1.3. Limited Performance Warranty

- a) BYD warrants that the Product will (i) retain sixty percent (60%) of its Usable Energy for ten (10) years from the Warranty Start Date; or (ii) reach the Minimum Throughput Energy, whichever comes first, on the condition that the Product is operated in a normal manner that adheres to the manual guidelines provided by BYD.
- b) The Minimum Throughput Energy means the total output energy of the Product recorded in the control module of the Product.
- c) The Usable Energy and Minimum Throughput Energy for each Product Model are set out in the table below.

Product Model	Usable Energy (kWh)	Minimum Throughput Energy (MWh)
WTS Power-CORE 5.52	5.52	16.61

d) For this Limited Warranty, the remaining Usable Energy is as measured and calculated using the following testing method and values, while the ambient temperature is between 25~ 28 °C:

- Discharge the battery with constant current until the battery reaches End of Discharge Voltage (" EODV") or its self-protective voltage.
- Wait for 10 minutes.
- Charge the battery with constant current and constant charge voltage to its full capacity.
- Wait for 10 minutes.
- Discharge the battery with constant current until it reaches EODV or its self-protective voltage. Record the current, voltage, and time.
- The remaining Usable Energy is the integral of discharge time and current multiplied by voltage.

2. EXCLUSIONS AND LIMITATIONS

2.1. Disclaimer

- a) To the extent permitted by law, the warranties in this Limited Warranty are the only express warranty given for the Product. BYD disclaims all statutory and implied warranties, including without limitation, any warranties of merchantability, fitness for a particular purpose, or non-infringement. To the extent permitted by law, in so far as such warranties cannot be disclaimed, BYD limits the duration and remedies of such warranties to the duration of this Limited Warranty and, at BYD's option, the repair or replacement services described below.
- b) Neither seller of the Product nor any other person is authorized to make any warranties on behalf of BYD other than those contained in this document or to extend the duration of the warranties beyond the periods specified above.

2.2. Limitation of Liability

Except as provided in this warranty and to the maximum extent permitted by law, in no event will BYD be liable for any consequential, incidental, special or punitive damages (including without limitation of loss of profits, harm to goodwill or business reputation, or delay damages) arising from or out of the Product or its installation, use, performance or non-performance, or any defect or breach of warranty, whether based on contract, warranty, negligence, strict liability, or any other theory. BYD's aggregate liabilities, if any, in damages or otherwise, shall not exceed the purchase price paid by the Original Buyer for the Product.

- a) the Product not being installed, maintained or operated by the Operating Manual;
- b) exposure of the Product to movement or shaking following installation, or temperatures of greater than 55°C or less than -10°C;

- 3.2. Whether to repair or replace the Product will be determined by BYD in its sole discretion.
- 3.3. The Product or any of its parts to be replaced will have the same performance and reliability as the original Product. If the production of the relevant type of the Product or any of its parts has been discontinued, withdrawn from the market, or are otherwise unavailable, BYD may replace the Product or parts with a similar Product or part (which may include previously used parts that are equivalent to new in performance and reliability).
- 3.4. If BYD does not repair or replace the defective Product or parts, BYD will refund Original Buyer an amount of money calculated as follows:
- a) If the Product fails to comply with the Limited Performance Warranty in clause 1.3, BYD may calculate the refund using one of the two refund formulas below:
 - i) $\text{Refund} = \text{maximum claim amount}^* \times (\text{warranted Minimum Throughput Energy} - \text{output energy of the Product recorded in the control module of the Product}) / \text{warranted Minimum Throughput Energy}$; or
 - ii) $\text{Refund} = \text{maximum claim amount}^* \times (\text{warranted remaining Useable Energy} - \text{remaining Useable Energy}) / \text{warranted Usable Energy}$; and
 - b) If the Product cannot be operated, BYD will calculate the refund as follows:
 $\text{Refund} = (\text{maximum claim amount}^* / 120) \times (120 - \text{number of months since Warranty Start Date})$.
- *The maximum claim amount is the market value of the Product (or an equivalent product) determined by BYD if it were purchased new and free of defects.
- 3.5. The remedies as set out above are the sole and exclusive obligations of BYD to Original Buyer under this Limited Warranty, and BYD will have no other liability to Original Buyer if the Product fails to comply with the Limited Warranty.

- 6.5. As a condition of making a warranty claim Original Buyer agrees that any dispute on technical facts relating to claims brought under this Limited Warranty may be referred by BYD to expert determination by the then-current Resolution Institute Expert Determination Rules, except that:
 - a) the expert must be a reputable testing organization such as TÜV Rheinland, TÜV SÜD, Intertek, UL, CQC or CGC or any other mutually acceptable neutral third-party testing organization (**Expert**);

- b) the costs of the Expert, including any costs of shipping any Product to the Expert for testing, are payable by Original Buyer if:
- i) Original Buyer does not withdraw Original Buyer claim within 14 days of BYD notifying Original Buyer that it intends to refer the dispute to an Expert; and
 - ii) the Expert determines the dispute in favour of BYD.
- In all other cases, BYD will pay those costs.

Appendix

The Production Date of the Product could be read from the serial number on the label of the Product as shown in the drawing below. The definition of the serial number regarding the production date are the same for the battery stacks and BMS.

In the example drawing below, the “22” underlined means the production year is 2022, “12” means the production month is December, and “06” means the production date is the sixth day of that month.
